Professional Experience

Web Developer Analyst

Accenture Services Pvt. Ltd., Mumbai

Dec 2021 – Present

- Over 3+ years of experience in AEM content authoring, web development, and CMS platforms, with proven success in enterprise environments.
- Extensive hands-on expertise in AEM 6.5, including page creation, content updates, Experience Fragments, and Content Fragments with multiple variations.
- Proficient in MSM live copy management, supporting multilingual, multi-regional website ecosystems.
- Regular contributor to go-live activities and daily Agile standup meetings.
- Strong ability to gather and interpret client requirements and transform them into scalable, maintainable CMS solutions.

- Skilled in identifying bugs, performing content QA, and ensuring functionality across devices and browsers.
- Adept at handling Digital Asset Management (DAM) tasks, including asset tagging, metadata updates, and content publishing workflows.
- Confident in using Jira for issue tracking, reporting, and project management.
- Effective communicator with experience collaborating closely with cross-functional teams and stakeholders to align on content strategy and delivery timelines.
- Demonstrated ability to thrive under pressure while meeting strict deadlines and maintaining high content quality standards.
- Frequently involved in training and onboarding new team members, sharing expertise in tools, process, and platform best practices.
- Extracted project-related data from Jira to generate detailed reports, track progress, and support performance analysis.
- Recognized with the Star Business Award (Q4 FY22) and Core Value Champion Award (Q1 FY24).

Senior Web Developer

Makebot Robotics Solutions Pvt. Ltd., Navi Mumbai
